C920 delivers exceptionally clear and detailed Full HD video (1080p@30fps) with a Full HD glass lens, 78° field of view and HD auto light correction. . Video and audio are recorded in WDR format. This feature allows you to capture more detail in HD quality than normal viewing and also eliminates blur when shooting in low light conditions. With a built-in AAA battery and motion sensor, the C920 can be programmed to start automatically at a set time. With the Canon Camera Control Pro II app, you can easily sync your camera with your phone, tablet
